December 12, 2018

CHICAGO, Dec. 12, 2018 /PRNewswire/ -- Old Republic International Corporation (NYSE: ORI) today announced that the Board of Directors has approved the following senior management appointments at its PMA Companies business. The appointments, which take effect on January 1, 2019, are in harmony with normally occurring management of executive succession throughout Old Republic's holding company system.

Vincent T. Donnelly (66), currently Chief Executive Officer, will rise to Executive Chairman, thus extending a 26-years-long senior executive career for a while longer. In this new capacity he will aid in the achievement of a smooth transition to succeeding leadership.

John Santulli, III (64), currently President & Chief Operating Officer, will assume the position of President and Chief Executive Officer. His widely varied experience during a 36-plus-years PMA career will stand him well as he'll lead this important Old Republic company to further successes in its future.

In conjunction with these changes the important function of PMA's **Office of the Chief Executive Officer** ("OCEO") has been enhanced through continuity and additions to its constituency. Effective January 1, 2019 membership in PMA's OCEO will consist of the following senior executives:

Kevin M. Brady (56), Sr. Vice President & Chief Actuary.
John M. Cochran (63), Executive Vice President & Chief Financial Officer.
Ray J. DiCello (59), Sr. Vice President & Chief Insurance Claims Officer.

Derek R. Hopper (50), Sr. Vice President -- Shared Operating Services.
P. Drew Jones (58), Executive Vice President -- Insurance Segment Operations.

In making this announcement, **Al Zucaro** (79), ORI's Chairman & Chief Executive Officer, noted that "All these Board appointments reflect our confidence that each of these executives will continue to serve with distinction in the management of ORI's PMA insurance underwriting and claims administration business, in the best long-term interests of policyholders, customers of its services, shareholders, and other important stakeholders."
